SPECIAL COVERAGE ON Navigating Policy Directions: Stakeholder and Project Management Workshop 📝

Students from the Political Sociology Class of 2024 at MSU-IIT's Department of Sociology took on the challenge of creating logical frameworks and mapping stakeholders, in line with relevant localized social issues, putting theories and advocacy into action.

Special thanks to the wise and inspiring [Oxfam](#) Young Leaders Fellow and Founder of [Keep the Change: Youth Policy Lab](#), Mr. Gerald John Guillermo, for enlightening us on the process of lobbying bills, encouraging us to exercise empathy, understanding the roles of stakeholders, and guiding us in pitching our ideas. This allowed us to explore a different perspective on policy directions and enabled us to apply the lectures while exercising our critical thinking skills and sociological imagination throughout every activity.

Thank you to Dr. Josefina Tabudlong and Mr. Jayson Abad for opening this opportunity to the students of the [Department of Sociology MSU IIT](#); indeed, it enriched our minds and provided an engaging experience with the essentials of socio-development programs.

As realizations unfold in this workshop, we can start to see and keep the change as we start to put theory into practice and advocacy into action. 🙌💛 [#ArangkadaSosyolohiya](#) [#PoliticalSociology2024](#) [#KiatSosyo](#)
